RESIDENTIAL STREET CLOSURE PERMIT PROCESS

Please read and understand all requirements on this application.
Applicants will need to adhere to requirements set forth by City of Turlock.

The temporary closure of a public street requires the approval of the City of Turlock in accordance with California Vehicle Code §21101(e). This authority has been delegated to the City Manager per City of Turlock Resolution No. 2010-184.

1. Please complete the Residential Street Closure Application and submit it to the Engineering Division in person during normal business hours (listed below). The application must be submitted no later than (2) weeks in advance of the planned closure date.
2. The City representative will discuss the proposed closure and draft a traffic control plan (diagram), which will indicate the placement of the required traffic control devices (barricades and signs). This diagram will be attached to your application and routed for review.
3. The application will be routed to various City Departments for approval, which typically takes (1) week. You will receive a call or email from the Engineering Division when all responses have been received.
4. If approved, it is the applicant's responsibility to obtain a copy of the approved application (permit). It can be sent via fax, mail, or email, or picked up in-person during business hours.
5. This approved application <u>must</u> be kept by the applicant on-site during the event.

If you should have any questions, or would like to know the status of your application, please contact the Engineering Division at (209) 668-5520, Monday through Thursday, 1:00pm – 5:00pm. If you call outside of these hours you may be directed to leave a message, in which case your call will be returned by the next business day.
