### **SUPERVISOR COMMENTS**

Tonight was much busier than last night. During our briefing, 2 officers left early to assist on a traffic collision that include a subject who was DWI. When they arrived, they took over the investigation. Officers continued in the trend of making traffic enforcement stops and contacting suspicious people throughout the night. During this shift, officers responded to a subject, in the north end of town, who was throwing items at passing vehicles. Officers

located him and detained him for being publicly intoxicated. The officer had to take the subject to get medically cleared due to his level of intoxication. While at the hospital, the subject became increasingly aggressive and confrontational with the arresting officer. Due to his behavior, Modesto PD responded to DMC with a WRAP device. After they arrived, the subject calmed down and the WRAP was not required. The subject was then transported to jail and booked for making threats to a police officer.

SUPERVISOR COMMENTS

Officers had minimal calls for service throughout the night, allowing them to focus on proactive policing. They conducted numerous proactive stops throughout the night, resulting in multiple arrests. In the early morning officers were dispatched to a report of subject tampering with a vehicle. Due to a quick response time, Officers were able to prevent the theft of a vehicle. However, the suspects had fled as units arrived into the area.
