Morning started of busy with a call on the North East side of town of a suspicious item along a walkway with people getting in their morning walks. Patrol arrived and found that the item was a NOS canister and not an explosive device. A second suspicious device was called in on the North West side of town. Homeowner found an item with a battery and wires coming from it. It was found that the item was a mosquito abatement device set out by Mosquito Abatement. Patrol also was called to the Transit Center and for a disturbance and took a subject to jail for public intoxication. In the 1100 block of Colorado a subject was called in as being a suspicious person and was arrested on two outstanding warrants.

### **SUPERVISOR COMMENTS**

Our last day of new work week was quiet, for the most part. Officers used the free time to complete reports from earlier in the week. The major call tonight involved a Hit&Run collision involving a driver who was intoxicated. TPD received a call of a hit and run collision

that occurred at the intersection in the south end of town. The collision as witnessed by an off-duty CHP officer. A subject was driving south of Lander Ave and collided with a AT&T pole, sheering it off and the wires kept it upright. The subject continued to drive south after losing a right front tire, and then tried to get as far away from the collision as possible. The subject eventually exited the truck when he could no longer drive it and tried walking away from the truck. Officers were able to find him and detain him. He was intoxicated and arrested for DWI and Hit&Run.
