Steady day with calls for service. Officers investigated an assault/battery where several males showed up to the victim's apartment and attacked him. This was over an incident that occurred several months ago. The suspects were stopped by officers as they were trying leave. In the end, three males were arrested for battery. An officer contacted a male camped out on a sidewalk. The male attempted to discard a pipe and methamphetamine, but this wasn't this officers first rodeo. The male was arrested for the pipe and meth. He happened to also be a sex registrant which makes his possession of narcotics a felony. He was booked for the felony.

Sgt. Cervantez

NUMBER OF REPORTS: 8

CATEGORIES

1 Weapon Violation	1 Narcotics	1 Warrant Arrest
1 Accident-No Injury	1 Dog Bite	1 Death-Unknown
1 Damaged Property	1 Warrant Arrest	

SUPERVISOR COMMENTS

Another steady shift for officers. A woman came into the lobby to turn in a gun she was holding for someone. She recently found out the gun was likely stolen and could not get in touch with the male who left it with her. The officer took possession of the firearm but was unable to identify who the male was or if the gun was actually reported stolen due to a lack of record on the gun. SCU was out contacting people which resulted in a few arrests. Patrol officers assisted in several of the stops. Officers also responded to a death of a 103-year-old male who had minimal health issues but fallen earlier in the day. There were no signs of foul play and the mortuary employees responded for the family.

SUPERVISOR COMMENTS

This turned out to be another quiet night for my graveyard officers. We sent an officer to Merced to pick up a subject in custody who had an outstanding Turlock warrant. He was transferred to us and we transported him to the Stanislaus County Jail for his outstanding warrant. Officers also investigated a subject who was driving while intoxicated. The subject was cooperative during the incident. His BAS was .18 and .20. He was arrested and his vehicle was towed.
