SUPERVISOR COMMENTS

For our last work day of the week, it was quieter than the beginning. Even for it being a Friday, my officers were able to take care of the calls assigned to them, and still have time to finish some follow-up on cases that still needed it. During this shift, officers made 2 arrests for narcotics related incidents. They also made 1 warrant arrest. All in all, the incidents responded to were routine, with nothing out of the ordinary.

SUPERVISOR COMMENTS

This evening was a peaceful one. Officers handled a steady stream of calls but nothing earth shattering. A citizen called in a reckless driver and followed the driver until officers could catch up. The driver was arrested for DUI with a blood alcohol content almost three times the limit. We handled a courtesy report for Calaveras County S/O, who requested we get a statement from a rape victim at the hospital. We also handled the release of a prisoner

who was booked yesterday for an extraditable warrant out of Louisiana for drug charges, probation and parole violations. Louisiana decided they were not going to pick him up on the warrant, so he had to be released back into our community.

SUPERVISOR COMMENTS

This Friday night brought relatively few calls for service. Graveyard officers stayed very busy patrolling the city, completing 22 proactive stops in an effort to curb potential criminal activity.
